

MTC Membership Committee
May Report
May 10, 2017

The **Membership Committee welcomed the New General Manager Greg Nagaye** to our May Meeting which started at 5:30.

The **MC also commended Jules Lennon** on the work she has done to update and improve the presentation of the MTC Membership Package.

A lively discussion ensued which resulted in two proposals Membership Offerings to the Board:

The first proposal will be sent to the Board for an email vote this week.

Lisa Cush agreed to ask the Board for an email approval of the following recommendation from the MC:

Join Marin Tennis Club May 26th-29th. Pay only monthly dues for 12 months (\$____single; \$____ family).

Provided you are a member in good standing at another club, initiation fee will be waived until such time you leave your current club. Initiation fees will be due and payable at that time.

If the Board approves this recommendation, it will be promoted in postcard format in the gift bags and other locations in the Memorial Weekend Championships.

The second proposal for the regular May Board Meeting:

- 1. Offer a dues only membership known as a nonproprietary membership with a limit of 15 such memberships.**
- 2. Rename the current nonproprietary membership (formerly reciprocal) as Deferred Membership.**
- 3. Eliminate the Associate Membership.**

The MTC Guest Policy was clarified: The GM will continue to monitor playing guest according to the twice a month or 12 times a year limit per guest. The GM also asked that all guests to the club sign in for liability reasons. There are no limits to social guests or visitors not playing. Greg will send out an email regarding the Guest Policy.

June Matters:

Membership Update on Membership Categories.
