## **CLUB DECORATING**

**December 3 at 4:00 p.m.** Beth will make her roast beef sandwiches – maybe even brandy slush – other committee members should bring food too – club will be invited to help decorate

## **HOLIDAY PARTY**

**December 9<sup>th</sup>**

Ask Kevin to mix some music during dinner – then can save on DJ time so only from 7:00-10:00

Janet is researching 3 DJs sent by David of Il Davide – Rob is going to ask his friend also – Liz was also going to ask Michelle Andrade, another tennis player, if her boyfriend might DJ

we also have Ariel and Kevin as possibilities for the night

Reviewed the menu – some committee members thought the price was high – we will ask David to tweak the menu

Tenting: will get a quote to expand to the patio with anticipation that could be as high as \$1,000 so discussed alternative of keeping the party inside MTC – will check w/Chris on capacity for the clubhouse

Will also have to cover cost of staff who work that evening

Alternatively: Janet and Beth talked afterwards re: asking some members to subsidize the party....think we have a few generous souls in our club....see what they say...just a thought

Will need plenty of heat lamps if we expand out to the patio

Goal: 100 people with a cost not to exceed \$60/\$65/person

**Committee members should plan on coming early that day to change around furniture and set up for the party**
